CALGARY, ALBERTA, WEDNESDAY, AUGUST 21, 1889.

Two Dollars a Year

Frost in Quebec.

QUEBEC, Aug. 14.—Country district to the north rather sharp frosts the past two nights.

Banquet to Mr. Dewdney.

OTTAWA, Aug. 14.—Hon. Mr. Dewdney left for the Northwest last night. He has accepted an invitation to a complimentary banquet by the citizens of Regina on Monday evening next.

The Late Major Short.

QUEBEC, Aug. 13.—Officers of the Citadel are having a commemorative inscription engraved in memory of brave Major Short who died a victim to small in the terrible St. Saviour conflagration.

Celebrating in Kingston.

KINGSTON, Aug. 14.—Practice boys celebrated the two hundredth anniversary of the closing of the gates of Derry to-day, delegations were present from Toronto and many other surrounding towns.

Another Boulder Arrested.

MONTREAL, Aug. 13.—Frederick H. Scharf of Beekville, Conn. has been arrested here charged with forging notes, to the amount of fifteen hundred dollars which he got cashed. Extradition proceedings have been instituted.

Wire from Winnipeg.

WINNIPEG, Aug. 14.—Hon. J. E. P. Prendergast, Provincial Secretary, the representative in the Manitoba Government of the French, has resigned owing to the announcement by his colleagues of their intention to introduce a motion at the next session of the legislature for the abolition of the dual language system and separate Catholic schools. It is also said Col. McMillan, Provincial Treasurer will resign.

The famous trotting dog "Doc", of Brighton, Ont., which is to take part in the race meeting this week, arrived from the East yesterday.

A. W. Johnson, formerly chief clerk in the Department of Agriculture here, left today for Calgary, to take a position in Sir Lister Kaye's office.

A monster petition twenty feet long is ready for presentation to the Hon. Mr. Dewdney, Minister of the Interior, on his arrival here. The petition is from the old settlers asking redress of grievances which they have been complaining for many years, but without being able to secure their adjustment or even consideration.

Over 2,000 Winnipeggers attended the Grocers picnic at Carman yesterday.

Ellis in the Soup.

ST. JOHN, Aug. 15.—The supreme court at Fredericton yesterday gave judgment in the case of John N. Ellis, M. P., editor of the Globe, charged with contempt in writing and publishing articles in his paper intended to create the impression that Justice Teek had corruptly issued an order in the Baird, Queen's county election case to serve a political party. The court over-ruled all objections raised some time ago by defendant's counsel and adjudged Ellis guilty of contempt, with a stay of sentence till his appeal is disposed of by the supreme court of Canada. Ellis' counsel moved for sentence that he might have final judgment for appeal, but Chief Justice Sir John Allan stated that the finding of the defendant guilty of contempt was final judgment, that of pronouncing sentence was only carrying it out, and that the court had not yet prepared sentence and would not therefore give it.

Fatal quarrel.

KINGSTON, Aug. 15.—As the result of a quarrel, Edward McLaughlin, a river driver, shot and killed Robert Ferguson at Madawaska village.

A Negro's Eating Capacity.

HALIFAX, Aug. 16.—Richard McAndrew, colored, of Barbados, a seaman, on the war ship "Tarmative", died in the marine hospital today in terrible agony from over-eating. He was a glutton.

A Sensation Among the Doctors.

TORONTO, Aug. 16.—The Toronto medical men will enjoy a sensation next month. Four members of the profession will be arraigned before the Medical Council, charged with unprofessional conduct, and a big fight will be made to have their names struck off the roll of Physicians and Surgeons of Ontario.

Canadian Splendour.

OTTAWA, Aug. 16.—Up to date twice as many modus vivendi licenses have been taken out this year as last by U. S. fishermen. Sir John Macdonald says this is an indication on the part of the U. S. fishermen that they have a right to enter Canadian waters for the purpose of bait and supplies, transshipment, etc., without paying for the privilege. A prominent government official said yesterday that this

modus vivendi was a clever trick on the part of Sir Charles Tupper to get the United States fishermen to pay for that to which they had hitherto thought they were fully entitled to.

A Monument for Norquay—Full Race Meeting.

WASAGAMA, Aug. 16.—At a meeting of the citizens last night it was decided to erect a suitable monument to the memory of the late ex-Premier Norquay. It is proposed to limit the subscription to one dollar, so that all classes will be enabled to subscribe.

The contract for the erection of the monument with Northern Pacific hotel has been awarded to Major Bowles. It will cost \$2,000.

Hon. Edgar Dewdney, Minister of the Interior, arrived by today's train from Ottawa.

Goldwin Smith has consented to deliver a lecture here Thursday next.

The opening day's races of the fall meeting yesterday, were the best ever witnessed at Fairview Park. "Dakota Girl" won the three minute trot; "Thankful" the mile and a half dash; "Wander" won the pony race, best time on record; 2:36 not unparalysed "Guinea" took two heats of "Sleepy Dan" one.

An Old Lady Lost.

MONTREAL, Aug. 17.—Mrs. Brown, an old lady of Hawkesbury, Ont., was lost here Wednesday. The police are finding no trace of her.

The Dominion Promoted With a Petition From the Old Settlers of Manitoba.

WAGANAN, Aug. 17.—Hon. Mr. Dewdney passed through the city to Regina yesterday. A deputation representing the old settlers waited on the Minister of the Interior, presenting him with a largely signed petition asserting their claims. At Regina today the formal turning of the first sod of the Regina & Long Lake Railway will take place. The ceremony will be performed by Mrs. Dewdney. The party waits Saltcoats on Tuesday and starts for the coast on Thursday.

Hamilton's Carnival.

HAMILTON, Aug. 17.—Arrangements in connection with the big summer carnival which will be held here next week are now almost completed in every particular.

Notice of the Age of Man.

SHELBORNE, Ont., Aug. 17.—The remains of an antediluvian monster have been discovered in the township of Amaranth. The parts found are exceedingly well preserved, and consist of a large horn or tusk 13 feet 8 inches long, a number of ribs ranging from six feet in length up to portions of the vertebrae.

A Great Decrease in Immigration.

TORONTO, Aug. 17.—There has been a great decrease in the number of immigrants arriving and settling in the province of Ontario this year compared with last. In all twenty-six per cent.

D. Mitchell McDonald, a director of the Central Bank, who fled from the city at the time of the collapse of that institution, now figures in Los Angeles, Cal., as Judge McDonald, and spoke at a Y. M. C. A. meeting on a recent Sunday there.

The Governor-General's Medal.

WINNIPEG, Aug. 17.—Capt. Daize won the Governor-General's medal in the grand aggregate in the rifle matches. The first eight on the team for Ottawa are Messrs. Doidge, Mitchell, Gillies, Clarke, Brown, Hoffman, McKenzie and Costigan.

One hundred and ten teams left for Regina yesterday for the Long Lake road.

The Board of Trade will shortly fix a date for the meeting of the grain examiners, to fix standards for the new Northwest crop, as already samples of this season's grain are beginning to come in.

Sleepy Dan, Dakota Girl, Sansere and the dog Doc were the winners at yesterday's races. One heat of the 2:30 trot was finished, being taken by Sharpe.

Toronto's Mayor.

TORONTO, Aug. 19.—Mayor Clarke returned home Saturday night and met with an enthusiastic reception.

Slashed With a Razor.

KINGSTON, Aug. 19.—Bandmen Williams and Lotto of "A" Battery had a fight in camp yesterday and Lotto was badly cut with a razor, his hand and back being slashed in a terrible manner.

Accidental Death.

SHELBORNE, Ont., Aug. 19.—O. R. Peck, president of the Ontario pump Co., met with an accident while raising the first bent of the tower for the Shelburne water works this afternoon, which resulted in his death.

The Behring Sea Question.

OTTAWA, Aug. 19.—The Privy Council met on Saturday. Hon. M. Bowell laid

on the table the report of W. Hamley, customs agent, Victoria, on the matter of the seizure by U. S. customs of the Canadian sealers in Behring Sea.

Lady Selkirk's Death.

WINNIPEG, Aug. 19.—Lady Selkirk, daughter-in-law of Lord Selkirk, founder of the Red River settlement, has intimated her intention to donate a large sum of money for the erection of a church in Winnipeg. She will visit Manitoba this fall to lay the corner stone.

Rev. Dr. Cochrane, of Bradford, occupied Knox Church pulpit yesterday.

Montreal Defeat.

MONTREAL, Aug. 19.—After the lacrosse match on Saturday in which the Montreal team was badly defeated by the Ottawas, four goals to one. The feeling ran very high and it was feared that there would be trouble if the teams met. Such a meeting took place in the Occidental Restaurant late at night and some words ensued. A quarrel followed and those outside were startled by hearing pistol reports. The affair is hushed up, nothing being known in police circles.

The Report Not True.

WINNIPEG, Aug. 20.—There is no truth in the report that the C.P.R. Southwestern Railway will be extended to connect with the Regina & Long Lake Railway at Regina.

A Good Churchman (?)

TORONTO, Aug. 20.—W. F. Johnston, superintendent of the Massey Mfg. works, has been served with a writ charging him with the seduction of Emma Taylor, a prominent church member and is aged about fifty.

Destructive Fire.

BURBANK, Ont., Aug. 20.—A. McVean's hat and spoke factory was burned this morning with all its contents. Loss \$100,000. No insurance. Four parties were seriously injured by the explosion of the boiler. Another dispatch says the fire is not yet extinguished and the whole village is threatened.

Hamilton's Carnival Regatta.

HAMILTON, Aug. 20.—The great summer carnival opened today, and it promises to be the greatest yet in Hamilton's history. Visitors are here by thousands. The Canadian amateur regatta is the big attraction for Thursday.

FOREIGN.

The Congo Railway.

BRUSSELS, Aug. 12.—To insure the continuance of the whole of the Congo railway the Congo state will ask the Belgian government for an annual subsidy of \$50,000 for ten years. Already the capital for the construction of the railway has been subscribed.

The Austrian Emperor.

BERLIN, Aug. 13.—Emperor Francis Joseph of Austria arrived here yesterday. The Emperor was met at the station by Emperor William, Prince Henry and Prince Bismarck, and was received with military and popular demonstrations. The meeting between the two emperors was of a most cordial character. After Francis Joseph and Prince Henry had exchanged salutations, the imperial visitor shook hands with Prince Bismarck. Upon arriving at the palace the Austrian Emperor was welcomed by Empress Augusta and ex-Empress Frederick. The Reichsanzeiger, in an especially prominent article, welcomed Emperor Francis Joseph on behalf of the German people as a friend and ally of Emperor William. All the evening papers have similar articles. The North German Gazette says the visit of the Austrian Emperor will further ensure the peace of Europe.

Boulanger Found Guilty.

PARIS, Aug. 14.—The senate court has found General Boulanger guilty of conspiracy.

The Stoyal Grant.

LONDON, Aug. 14.—The Duke of Fife declines to permit his wife, Princess Louise of Wales, to accept any share of the parliamentary grants to the Royal family.

Sticks of Letters.

LONDON, Aug. 16.—Home Secretary Matthews is exclusively occupied with the Maybrick case; he is overwhelmed with letters on the subject.

A Petition to the Pope.

MADRID, Aug. 16.—A petition signed by eight hundred persons including Archbishops and Bishops has been sent to the Pope, asking his holiness to honor the name of Christopher Columbus with the title of "venerable."

The Pope's Health.

ROME, Aug. 17.—The health of the Pope is causing great uneasiness in Europe.

The Tithe Bill Withdrawn.

LONDON, Aug. 17.—In the Commons this evening the government announced its withdrawal of the tithe bill.

Mrs. Maybrick.

LONDON, Aug. 17.—The press association says that Matthews, the Home Secretary, has advised the Queen to commute the sentence of death passed upon Mrs. Maybrick to imprisonment for life. The reprieve will be announced after the formal assent of the Queen has been received.

Sarah's Husband Dead.

PARIS, Aug. 19.—M. Dalata, husband of Sarah Bernhardt, is dead of cerebral congestion. He was 44 years old.

30 Men Killed.

SHANGHAI, Aug. 20.—While a steamer was making her trial trip here today the boiler exploded killing 30 of her crew.

Bomb Throwing.

ROME, Aug. 20.—During a public concert last night a bomb was exploded near the Austrian Embassy. Eight persons were injured.

Waiting Further Reports.

LONDON, Aug. 20.—Home secretary Matthews is awaiting further medical reports before coming to a decision in the Maybrick case. The reports will be submitted today.

The Prince in Luck.

LONDON, Aug. 20.—An anonymous writer has forwarded a note of sympathy accompanied by ten £1,000 notes to the Prince of Wales. The writer expresses his regret at the unpleasant position the Prince was placed in by the recent discussion on Royal grants.

AMERICAN.

The Tuscott Suspect.

LAKEWOOD, Aug. 13.—The Tuscott suspect is the local sensation of the hour. Photographs have been forwarded to his brother M. M. Dolphin, whom he claims, is a train dispatcher Marshall, Texas, and to his brother, Jos. Dolphin, at Emporia, Kas. Sheriff Sanchez feels confident, and today received a telegram from Chicago requesting further particulars; description and appearance tally to a startling degree with Tuscott. The only variance discovered after a second investigation is that his hair is not thin on top of his head. It is cut close and is very thick all over the scalp.

Attempted Murder.

GRAND FORK, Aug. 12.—Of all the outrages ever perpetrated upon the citizens of Rolett county, the lowest was committed at St. John a few days ago. When Judge Becker was ably defending his clients, Davidson and Syngen, who had been arrested upon a forged warrant and arraigned before Justice Becker, someone succeeded in slipping candies that were coated with strychnine into his pocket. Later on the Judge ate the candies, not giving a thought of how they got there, and on his way back to Rolett he was taken with violent pains. He was with Harold Scott who whipped the horses and proceeded to Rolett on a gallop. Dr. Cowan was immediately summoned and only with the greatest difficulty succeeded, after working over him all night in bringing the judge through from death to life, comparatively speaking. The doctor pronounced the poison strychnine. The criminal that did the deed is spotted, and will be watched closely. They tried to buy Judge Becker and failed; they tried to scare him, but they did not succeed, and now they stoop to poison him. The indignation of the people is aroused.

Floods in Nebraska.

LINCOLN, Neb., Aug. 14.—The most disastrous floods in the southeastern part of the State that has been experienced for ten years are now in progress. The Nemaha river, the Blue, the Salt and dozens of smaller streams are over their banks and the waters have shown no signs of abating. Much property has been destroyed.

Judge Lynch Disposes of Two Brutal Assaulters.

CATLETTSBURG, Aug. 15.—Two Hollioth brothers, criminally assaulted and then murdered Mrs. Gellis, a widow, and her two daughters, in McDowell county last week, met a just fate yesterday. The captain of the push boat that arrived from Passville down the Big Sandy river this morning, says that the two men were captured by the regulators, strung up by the heels to the limb of a tree and then shot to death.

Forresters Make a Change.

MINNEAPOLIS, Aug. 16.—The high court of the Ancient order of Forresters of America have decided to sever all connections with the high court of England. Differences arose over the admission of Colored Men into the order, the English insisting on it and the Yankees objecting.

Irishmen Picnicking.

CHICAGO, Aug. 16.—The great rival Irish picnics were in full blast yesterday at Ogden Grove and Cheltenham Beach, the former under the auspices of the adherents of the old Clan-na-Gael, "Triamale," and the latter conducted by the Personal Rights League and men who want to avenge the death of Dr. Cronin. The money derived from the Cheltenham Beach affair will be turned over to the Cronin investigating committee and will be used in aiding the prosecution of the assassins. The funds gathered in Ogden's Grove will be sent to Parnell.

Sullivan Found Guilty.

PURVIS, Miss., Aug. 17.—The jury returned a verdict finding Sullivan guilty of prize fighting. A motion in arrest of judgment was made.

A U. S. Justice Arrested.

SAN FRANCISCO, Aug. 17.—Justice E. T. Field, of the United States Supreme Court was arrested here today on a charge of being a party to the killing of David S. Terry at Lathrop.

War to the Knife.

BRAINARD, Minn., Aug. 17.—An Indian runner from the Leach Lake reservation confirms the report previously brought of serious trouble met there by the North-eastern commission in attempting to negotiate a treaty for the cession of the Chippewa Indian lands. The Indians are in a serious quarrel, and about evenly divided between those in favor of signing and those opposed. The latter, however, have declared war to the knife on the other party, and declare that the first man who signs must die. One Indian had already been killed, a relative of the head chief Flatmuth, who is a breed from the reservation. The two parties are led by Cheno-Wa-Ga-Shig and Gno-Wa-Sig, under chiefs, the former leading the party in favor of signing. The runner stated that a mounted messenger had been despatched in haste to a telegraph point, presumably for troops.

A New Railway.

PORTLAND, Ore., Aug. 19.—Articles were filed here yesterday for the incorporation of a railway from Portland to Seattle, and branches north, and for the construction of a bridge across the Fraser River, at a point near Vancouver. The capital stock is fixed at 2,000,000.

Sullivan Gets a Year.

PURVIS, Miss., Aug. 19.—Sullivan has been sentenced to one year imprisonment for prize fighting. Fitzgerald, the referee pleaded guilty and was fined \$200. Sullivan entered an appeal to the Supreme Court and was released on bail, giving bonds of \$1,000 and cost \$500.

Soldiers on a Trip.

NEW YORK, Aug. 19.—The 13th regiment of Brooklyn departed tonight for a week's tour in the west. The regiment will take part in the parade at the carnival at Hamilton, Ont., on Friday next.

In Search of His Wife and Money.

GRAND FORKS, Dak., Aug. 19.—This morning Peter Ewer arrived from Regina N. W. T., in search of his wife. She left him last Sunday, taking two children and \$700 in cash. Ewer traced her to this city. He is very anxious to recover the money, whether he gets his wife or not.

Big Fires in Montana.

HELENA, Aug. 19.—Forest fires which have been raging all over Montana for the last three weeks have destroyed hundreds of thousands of dollars worth of timber and property. Two cowboys from Texas are supposed to have been lost while fighting the flames.

English Capital Monopolizing Everything.

CHICAGO, Aug. 19.—English capitalists are endeavoring to secure control of the business of the publishers of cheap literature in the United States. It is also learned that negotiations have just been completed by which the entire brewing interest of Chicago has been sold to a syndicate of English capitalists.

Cattle Plague.

ST. LOUIS, Mo., Aug. 20.—The Texas cattle fever has made its appearance here.

Sullivan Bailed Out.

NEW YORK, Aug. 20.—Sullivan has returned here on bail from Mississippi, he was welcomed by a brass band.

John Kilrain.

HARTFORD, Aug. 20.—Kilrain has waived all legal points and will leave for the Mississippi tomorrow morning with detective Cullen.

Carrion Over Lake Michigan.

CHICAGO, Aug. 20.—Sophie Schwab, a child of tender years, was caught in a number of toy balloons and carried one hundred feet high over Lake Michigan. She was rescued in safety by a fisherman, who pierced several of the balloons.

JOHN FIELD,
English Chymist.
Stephen Avenue. w 15 tfo

Special Purpose Poultry for Market—General Purpose Breeds for Home Use—For Best Results in Poultry a Regular System Must Be Observed.

There is perhaps no business in regard to which opinions differ more than in poultry raising. Some assert that it does not pay; others have found poultry one of the most profitable of crops. Many failures come about by the lack of system on which the poultry yard is run. When hens are kept merely for the meat and eggs required for home consumption, what is termed a common purpose fowl is wanted—a breed the birds of which are fairly good layers and table fowls. In limited yards, when it is desired to have such poultry there as are both fair layers and good table fowls, the selection may be made from such breeds as Plymouth Rocks and Langshans, for instance.

Poultrymen, however, who devote large space and much time to the business for market purposes, are, as a rule, most successful when they raise what is termed "special purpose" poultry. The man who adopts the special purpose plan decides at the beginning which branch or branches of the business offer the greatest inducements, and devotes himself to those. By having a special object in view every margin of profit can be estimated and saved. If he "goes in" for egg production he should choose non-setting breeds, such as Leghorns and kindred varieties; he must plan to have his hens laying when eggs sell for the highest price; he must find the best market, and provide himself with the best facilities for shipping; must see that the eggs, if sold in large lots, are carefully sorted according to sizes and colors.

It will pay to have his hens laying in the winter time when eggs are high, but a good many things besides hens are necessary to bring about that result. He must have special houses that will be snug, warm, light and, above all, clean for his hens to winter in. He must have clean and extended runs in summer time and he must also provide to the laying hens suitable food. Remembering that early pullets make winter layers, he is careful to raise plenty of these.

When the demand is for dressed fowls, those breeds of poultry which are especially characterized for their table qualities are in order. At the head of this list, so far as quality of flesh is concerned, come the game variety, though these are too small for ordinary market purposes. Then comes La Fleche, Dorkings, Houdans, Langshans, Plymouth Rocks and others.

BRIGHTON RANCH.
HENRY SALIN.
Range, between Bow and Elbow Rivers.
Cattle brand same as cut on left side. Vent bar through brand.
Horse brand same on left thigh.

LAWRENCE.
Cattle brand same as cut on left side. Horse brand same on left thigh. Vent bar through brand. Pedigree Hereford bulls and half-breds, also Shorthorn bulls and heifers for sale. Address: MRS F. LAWRENCE, Springwater Ranch, Calgary.

Single Copies 5 Cents Each.

The WEEKLY HERALD AND ALBERTA LIVE STOCK JOURNAL is the weekly edition of the CALGARY DAILY HERALD. It is distinct from Wednesday's issue of the DAILY HERALD, thus allowing of a perfect arrangement of matter impossible with those so called "weekly papers" which take the place of the Daily upon the days they are published.

ERNEST J. CHAMBERS, Editor and Manager.

WEDNESDAY, AUGUST 21, 1889.

Medical Association.

BANFF, Aug. 14.—The business of the Association was resumed this morning at 10:00 o'clock, the president, Dr. Wright, in the chair. Considerable discussion took place upon the question of registration, in the course of which reference was strongly made to unlicensed and irregular practitioners. Papers were then read by the following doctors:—

1. Dr. Wright; 2. Dr. Kennedy, "The climate of Southern Alberta;" 3. Dr. Gibson, New York; 4. Dr. Butler, Montreal; 5. Drs. Graciet and Ross, Toronto; 7. Dr. Whitaker, Cincinnati; 10. Dr. Sheppard, Montreal; 11. Dr. Buckley, New York.

The several papers presented, evidenced careful and capable research in their preparation, the readers being loudly applauded by the Association. That by Dr. Kennedy, upon the climate of South Alberta, was exceedingly well prepared and elicited more interest from the Association than almost any other presented. The medical men being very explicit of prairie, valley and mountain climatic effects, especially such as "mountain fever" and lung diseases, the like and unlike features of the former to typhoid, malarial and typho-malarial fevers were discussed by several of the resident physicians of Alberta. Drs. Henderson, Lindsay, Brett and others corroborated Dr. Kennedy's statements upon the healthful and pleasant nature of the climate of Alberta, they also explained, much to the appreciation of all, the different phases in diseases such as those of the lung, appearing among the "Red Man," and how unlike that of the White race or European. The session adjourned to meet at 8:30.

Interesting papers were then read by Dr. Praeger, Dr. Jukes of Regina, Dr. Dupuis Kingston. The report of the nominating committee was received and filed, Dr. Ross being thereby elected president for next year.

Lengthy discussions followed upon memorials to the Dominion Government and other departments, which are not concluded as we go to mail. Nearly all the members of the Association took part. Drs. Wright, Ross, Sloan and Campbell engaged very warmly. A suitable resolution to the citizens of Banff in reply to the following address was tendered.

ADDRESS.

To the President and Members of the Canadian Medical Association, GENTLEMEN:—We the members of the Citizens' Committee, representing the community of Banff on this the occasion of your assembling here for the purpose of holding the 22nd annual meeting of your important Association, desire to express our appreciation of the honor which the gathering of so learned a body implies, and in the absence of a demonstration worthy of the occasion, beg to tender to you through this unpretentious address, a sincere and cordial welcome to our midst. We venture to assert that the selection of this spot for your place of meeting is singularly felicitous, inasmuch as you as members of an Association distinctly national could find no more appropriate place in which to conduct the important and useful affairs of your Association than this little town of Banff, the heart of the Canadian National Park. We hope that your brief stay here may not be altogether without interest to you, that in the grandeur of the scenery, the extent and diversity of mountain, forest and scenery or in the beautiful qualities of the springs which abound in these parts, and whose sanative properties are now so well known, you may find something worthy of more than a passing notice, worthy in fact of being treasured, when this short visit is over, among the memories which it shall be a pleasure to recall. Assuring you of our desire to make your sojourn among us as agreeable as possible, we have the honor to be your etc., etc.,

Signed on behalf of the Citizens' Committee, R. G. BARR, M. D., P. J. BOWELL, R. B. C. O'DONOGHUE.

School-tax Question Settled.

When Mr. Searth and Mr. Tupper had settled with the town council all the matters of dispute about taxes. They next went into conference with the Protestant School Board of trustees in reference to the unpaid school taxes for 1888. That was the memorable year in which no municipal taxes were levied. But the School Board acted independently of the town and levied a rate on all property including the townsite trustees property. Payment of this claim has been resisted, most of our readers are aware that the matter has been in law for some time. The trustees having obtained judgment for about \$800 against which the C. P. R. had entered an appeal to the Supreme Court at Ottawa. Both parties feeling a disposition to put an end to lawsuits and costs met each other in a liberal spirit, and the claim was settled by the C. P. R. townsite trustees agreeing to pay \$600, and to pay all taxable costs. This settlement is generally regarded as creditable to our trustees. They tried hard to do better, but this was the length Mr. Searth would go.

The Association adjourned at a late hour and will hold its next meeting in Toronto.

A pleasing feature of the afternoon was the arraying of the youth and age of the association to be photographed. Artist Woodruff accomplished the feat with upwards of a 100 in the group slippers, wigwags, caps, dusters, cigars, discarded for the more dresslike outfits marked the departure of the medics to the scene of photography. Many leave on Wednesday for the coast. The association concluded with the heartiest appreciation for the C. P. R. officials and citizens of Banff, a day memorable in the young province of Alberta. The care and attention of Supt. White, Manager Matthews, Agent Lalonde, M. Boswell and Dr. Brett, were constant and they are to be congratulated upon success of enterprise.

The Sanitarium under its capable Manager Mr. Ransford was visited by many of the medicals is referred to in flattering terms. This hotel was the first established in Banff, has a large patronage and affords every comfort to tourist. The excellent music of the Police band, delighted the visitors. Capt. Harper's attention was also recognized. The absence of the superintendent was much remarked, which was learned that he opposed the citizens in preparations worthy of the occasion. A meteorological observation, better game laws, and general supervision should be provided for this elegant resort.

Satisfactory Settlement.

W. B. Searth and J. Stewart Tupper, arrived from the west Tuesday morning. A conference was arranged between them and the town council, at the office of Loughheed McCarthy & Beck, at 11 a. m. Mayor Marsh and all the members of the council except Councillor King. The object of the meeting was to see if any arrangement could be arrived at to put an end to the litigation and disputes between town site trustees, in the matter of taxes. Mr. Loughheed opened the discussion by stating what Mr. Searth and Mr. Tupper were here for. Mr. Searth stated that they had come almost entirely for the purpose of endeavoring to reach an amicable settlement. He said we are jointly interested with the citizens of Calgary in the prosperity of the town. We have given lands for churches, schools and markets. The advancement of the town means increase in the value of our property. This question which we have met for the purpose of trying to settle what has been in dispute for two years, and we have no desire to go on with litigation. We do not admit any legal liability on our part. But there is a community of interest between us and the city therefore we desire to put an end to all trouble, if a basis can be arrived at upon which we can agree, and which will be satisfactory from a legal standpoint to our solicitor Mr. Tupper. Mr. Searth further said that there was a part at least of their assessment which they considered too high, as the lands were not practically in the market for building purposes. There being no streets open across the railway track to reach them, and they had therefore considered that they should not be assessed except as garden lands, however it was not that point they had met to consider, but how a basis of settlement could be reached. Mayor Marsh gave a statement of which the trustees taxes for last year amounted to \$3,942.24. The rate not being struck yet for this year, he was unable to state just what this year's taxes would amount to but he believed the whole amount for last year and this year would be about \$8,000. Councillor Murdoch here spoke about the nine lots that had been granted for a market of which no deed had been received. Mr. W. T.

Ramsay explained that as these lots had been given for a market and had not been used as such, he had not advised for the deed to issue. Mr. Searth assured Mr. Murdoch that there would be no trouble about these lots. Mr. Tupper here stated that he wished to correct an impression which seemed to exist as to what they admitted their legal position to be. By a letter he had received from Mr. U. C. King, he inferred that the council supposed that because they did not file their objection, that they admitted liability. Such was not the case.

They could only appeal to one judge, whose decision would be final, so they had chosen to rest on their right to appeal to the Supreme Court of Canada. The legal aspect of the whole affair was discussed at length by the town solicitor and the trustees solicitor, but as this has all been published and dissected before, it is not necessary to do so again.

Mr. Searth and party having withdrawn, it was finally moved by Coun. Orr seconded by Coun. Grant, that the town accept the proposition of Mr. Searth to pay one-half the taxes of 1888 and 1889 (that being equal to the taxes on the interest of the Northwest Land Company in the town site, the other half belonging to the C.P.R. company,) provided Mr. Searth agrees that they will be liable for the same ratio of assessment in the future as the above, with the same right of appeal as private individuals, and that Mr. Searth grant to the town for public use 12 lots on the north side of the railway or a block of 40 lots on the south side of the railway. Mr. Searth elected to give a block on the south side of the track, and the council proceeded at 3 o'clock to select block 85, section 15. The understanding between Mr. Searth and the council was, that if the council should choose a block with a couple of lots over the forty it would be all right. A majority of the council were in favor of getting block 85, which is on the line between sections 15 and 16. This block contains 54 lots, so the next point was to see what arrangement could be made about the additional 12 lots. Of course the council asked that the entire block should be given. Mr. Searth, however, objected to that phase of the case, but in order, he said, that there should be no hitch in the negotiations for a settlement, he would propose to sell the 12 lots to the town at half the price at which the townsite trustees held them for sale, and allow the price of the lots to be deducted from the trustees taxes in four annual instalments. Mr. W. T. Ramsay proposed that the price at which they had been assessed this year should be taken as the basis. Mr. Davis looked up the assessment and found that the lots were assessed at \$75 each or \$900 for the 12 lots.

A good deal of discussion took place about fencing and improving the block. Some of the councillors wanted Mr. Searth to allow the council to improve the ground as a park with the \$450, which it was held would improve the trustees property in the environs, it was thought by the majority of the council that it would be better not to have the title to the property surrounded with any cumbersome conditions, and it was decided to accept Mr. Searth's proposition. The deed is to be made at once to the town, with the only condition that it is to be used for public municipal purposes and the sum of \$12.50 to be deducted each year for four years from the trustees taxes to pay for the 12 lots. When this sum was reached the matter was referred to the town solicitor, Mr. Davis and the trustees solicitor Mr. Tupper to put the agreement in legal form, which was done and submitted to the council and approved.

The Mayor and Town Clerk were authorized by resolution of Councillors Orr and Grant to sign the document on behalf of the corporation and thus was brought to a close one of the most annoying questions which the municipality had to battle with during its existence. Throughout the prolonged conference between Mr. Searth and his associates, and the council, the utmost good feeling prevailed, while each party did the best they could for the interest they represented there was not a harsh word dropped by either side. The very frank manner in which Mr. Searth approached the matter at first and conducted the business throughout convinced the council that he meant to do as fairly as he could from the standpoint of the legal view held by the chief solicitors of the trustees. This feeling was fully reciprocated by the council the result being a harmonious settlement of an old difficulty.

Agricultural Society Meeting.

(From Monday's Daily.)

A full meeting of the board of the Calgary Agricultural Society, was held at the office of the secretary Mr. Chas. Sparrow, on Saturday afternoon, the 17th inst. A good deal of important business was transacted at the meeting. A report was brought in by the clerk of works as to the progress being made in grading the race track. He reports that a couple of days more will complete the grading. The question of top dressing, surfacing and wetting down the course was next brought up for consideration. The committee were

authorized to go on also with that part of the work without delay, so that there seems no doubt at all that the course will be completed and in superb condition in ample time for the race. It was also decided to erect considerable fence in addition to what there now is. A fence will be put up where the grand stand is to be put up also at the southeast corner of the society's grounds.

A contract was let to Mr. Hugh McClelland to erect a grand stand capable of accommodating 500 persons. Mr. McClelland also got the contract for erecting a commodious stand for the judges. The work of erecting these structures will begin tomorrow. A resolution was passed that a promenade concert and ball should be given for the purpose of raising funds to assist in defraying the expenditure of the committee in improvements on the grounds.

A committee was appointed to take this matter in hand, and it was decided that the concert and ball take place on the evening of the 9th of Sept. in the Opera House, full particulars of which will be announced in good time. The committee are expending about \$4,000 in improvements on the agricultural park, and they feel that they should have the cordial support of the entire community.

Well Organized.

(From Friday's Daily.)

A few minutes after nine o'clock this morning a fire alarm was sounded at the Fire Hall. The speed with which the firemen one and all reached the hall, called forth expressions of admiration from one and all who witnessed the stampede. At less than three minutes the Chemical was well manned and going like "a house afire" towards the Central school, while the Steamer in position at the big tank in front of the engine puffing like an old war horse "eager for the fray." The hose from two reels were being rapidly strung along McIntyre Avenue and down McTavish Street. The fire men, when the alarm sounded, left their offices and places of business without coats or hats, or just as they happened to be. When the chemical had almost reached the school house, the boys learned that all the fuss was about some extra smoke caused by a fire in a stove, the pipes of which were very dirty. Seeing the smoke issuing through the floor, Miss Wheeler very properly gave the alarm. The boys wheeled round for the hall, without a chance to show what they could do putting out a fire.

The Great Run.

Yesterday and today the salmon run has been simply marvellous, and there is no sign yet of diminishing numbers. Although the boats do not go out until 6 o'clock on Monday morning, by noon most of the canneries had all the fish they could handle for the day, and the nets were hauled out until the night shift. Such a record is unusual. All the cannerymen agree that the present run of salmon is unprecedented in the history of the Fraser river, and such a run may never happen again in the present generation. A number of old fishermen profess to see a new run of sockeyes in the fish that have been caught during the last two days. They are about two pounds lighter than the regulation sockeye, but a beautiful fish in every way. These fishermen tell certain that this run is the work of the Fraser river hatchery, and their surmise is very like to be correct. The humpback salmon is beautifully scarce this year, a circumstance of much pleasure to the fishermen. Nearly all the canneries are making a second supply of tins, which are being filled almost as rapidly as they are made. There is no telling how much longer the big run will last, for it should have been ended a week or more ago. However, at the close of this week the cannerymen expect the run to ease of considerably. The average catch yesterday and today was from 100 to 180 fish to a drift.—British Columbian of 13th.

A Wonderful Cave.

There is great excitement at Aspen Colorado, over the discovery of a great cave, which bids fair to rival the great cave of Kentucky. It was discovered by accident, through drilling in one of the famous silver mines of that district, upon a hasty examination being made it was found to be exceedingly beautiful being hung with magnificent petrifications, several petrified men were found in the cave, round where these stone human forms were found, were several tools, and dishes of domestic use made of flint. Openings were found leading off this wonderful subterranean abode of dead men which indicates that it is a central one from which other great courts branch off.

The neat, commodious offices in the HERALD block, recently occupied by Messrs. Pettit and Ellis, are to rent. Apply to A. Lucas.

Catholic School Board Forced to Disgorge. According to the Brandon Sun, which is the organ of the local Government, a startling discovery has been made in connection with the finances of the Catholic section of the Board of Education.

The Sun says: Government satisfied themselves that the Catholic system had a considerable surplus of money that had not been applied to the purpose for which it was voted and intended. The Board having manifested disinclination to disgorge, Government declined to recognize any demand by it until the matter was satisfactorily adjusted. When it became apparent that supplies would be cut off, the Catholic section decided to comply with the demands of Government and paid over nearly \$14,000 in cash.

Poisoning Prairie Dog.

Exchange.

We put thirty grains of strychnine into a four quart pail; turned over that a little vinegar to dissolve it quickly; added to it two quarts of water and a cup of sugar (to overcome the acidity then filled the pail with sweet corn, and let it soak twenty minutes.

This was scattered over the ground of a prairie dog town and they have all disappeared—probably died in their holes, as we do not find any dead animals.

We treated wheat in the same way but they would not eat it; it is growing now. We had the sweet corn and used it, thinking it might prove more tempting than the other.

A neighbor told us how he poisoned ground squirrels in California. He dissolved strychnine in water; made it very sweet with sugar and thickened it with wheat middlings; this he rolled into little cakes and dropped one in each hole. He thought they liked it for being sweet, and it was very effective. S.E.H.

STOCK.

Thoroughbred Animals.

The splendid herd of pure bred pedigree Polled Angus cattle imported for the Quorn Ranch, from Scotland, arrived this morning. There are 97 of them all told. They occupied five of the C. P. R. Co's splendid cattle cars, which are about as well fitted up as the old fashioned passenger coaches used to be. These cattle arrived by steamer at Quebec a little over three months ago and were quarantined for 90 days before being allowed to proceed to Calgary. We gave the full pedigree of these fine animals in the HERALD a short time ago, occupying about four columns of the paper, so it is unnecessary to go into details now. They are all from one to two years old. There are 81 heifers and six bulls, and were drafted from the finest herds of Angus cattle in Scotland. Mr. Gordon Cumming, proprietor, and Mr. J. J. Barter, manager of the Quorn Ranch, are very well pleased with the condition in which the cattle arrived. The benefit to Alberta of this fine herd of cattle must be very great and the company are entitled to great credit for their enterprise in importing them.

Myxoma in Breeding.

There is a continually experiments being made in crossing the different breeds of cattle, with a view of course by many of getting a better type, a more profitable cattle, and with some the hope of creating a new breed, a marvel, a wonder of the world. A very striking feature in these experiments is, they are conducted almost without an exception by the novice, the beginner, the man who suddenly struck a fortune and don't know how to dispose of it, and fancies he is an admirer of fine stock, and realizes within himself the ability to accomplish more in one cross than the old breeders have done in a lifetime. There is always one or two of these men in every community. We know of one now who is going to produce a new and superior breed of milk cattle by crossing the Jersey and Holstein. There is one thing he will accomplish at once; he will ruin his eligibility to registration in either Holstein or Jersey record, and he will also get a stock of cattle, however meritorious as individual milkers, they will not sell for more than grade prices, although they combine fine breeding and such recognized as a valuable breed for the purpose claimed. Bring forward the man who as an experimenter has arose to any prominence as a breeder; we will surround him with an army of men, who as careful and systematic breeders, are today prominent before the world for their skill in developing and perfecting characteristics in established breeds. Life is too short for these experiments. Take up the certainties where the successful breeder has left off, and strive to improve on these by the same careful, studious, systematic principles of mating, that has crowned with success hundreds of American breeders whose work now stands a most fitting monument to their efforts.—Western Stockman.

For a first class Piano, Organ or Sewing Machine call on J. W. CLARK & Co., West End Music Store.

The "Dominion Illustrated" Wimbledon Number.

Our enterprising and truly national pictorial weekly is issuing a special Wimbledon number, to honor the victory of the Canadian team. It will be out on Saturday, 17th inst., and will contain the following illustrations, from photographs and drawings sent from Wimbledon direct by the special artist of the Dominion Illustrated, viz: A full-page engraving of the Canadian Kolapore Team; a full-page view of the Wimbledon camp; sketches of the Canadian camp, Col. Bacon's tent, Adjutant Hood's tent, afternoon tea, writing home, Lady Wontage's reception tent, and the old windmill; a full-page view of the fring stages during the contest; four photographs in the Canadian camp, and four other Wimbledon views, including High street. On the cover is a portrait of the commandant, Lieut. Col. Bacon. Altogether a very interesting number for all active members of the volunteer force in Canada, more especially as this is the last meeting at Wimbledon. The Dominion Illustrated always shows great interest in everything connected with the militia and should be well patronized. For sale at all newsdealers, or send ten cents to the publishers, 73 St. James street, Montreal.

(From Saturday's Daily.)

Hon. E. Dewdney's Visit.

At the meeting called for 8 o'clock last night, in the old town hall to consider the question of tendering a reception to the Hon. E. Dewdney, His Worship Mayor Marsh occupied the chair. The notice of the meeting having been short, the attendance though fair was not large. Some discussion took place as to the form of reception that would be tendered. Mr. James Reilly was the principal speaker. He said that when a vacancy had occurred in the Department of the Interior, Calgary had taken the lead in calling upon the Government to appoint the Hon. Mr. Dewdney to the important post of Minister of the Interior. He believed Calgary had not changed its mind about the hon. gentleman and would endorse its past action by tendering him a hearty welcome to our town, but in order that the matter should be thought over, and citizens be prepared to give expression to matured ideas about it, he thought it would be best to adjourn the meeting till Monday night, and he would move accordingly.

The motion was seconded by Mr. W. R. Hall. Before putting the motion the mayor explained that Monday would be time enough to take action. Judging from reports of the minister's movements in Manitoba it must be several days before the hon. gentleman could arrive here. He then put the motion which was carried. The meeting therefore stands adjourned till Monday evening the 19th inst., at 8 o'clock, in the old town hall.

Public Meeting.

(From Tuesday's Daily.)

The meeting adjourned from Friday night to consider what form of reception should be tendered the Hon. E. Dewdney when he comes to Calgary on his present trip through the Territories, was resumed in the Town Hall at 8 o'clock last evening. His worship Mayor Marsh, presiding. After announcing the object of the meeting, the Mayor called on gentlemen present to give their views on the matter.

Mr. J. A. Loughheed said that as he was one of those who had asked the Mayor to call this meeting, he would say that he thought it was fit and proper for the people of Calgary to take this first opportunity since the appointment of the hon. gentleman to office, of tendering him a hearty reception in some form which would be a recognition of the interest which Mr. Dewdney had taken in the affairs of Alberta since he had held the portfolio of the Interior. For his part he thought unless we intended to give him a hearty welcome, we had better not go into it at all. He thought that a citizens' committee should be appointed to-night to meet and confer with the Town Council to-morrow night at their regular meeting, as he thought that the reception should be an official one.

The question having come up as to when Mr. Dewdney would likely be here, the Mayor read a letter which he had received from Mr. Dewdney, dated the 17th inst., in which he stated that he would have to spend some time in Regina and other places and was not certain whether he would remain over night in Calgary or not, that he would be travelling in his own car and would not have much time at his disposal, but would endeavor to let him, (the Mayor), know some time in advance of his coming; but that it would probably be two weeks before he would reach Calgary.

Mr. Reilly suggested that we should let in the ladies in connection with whatever form of reception we offer Mr.

Dewdney. He thought that after the formal reception the affair should assume more of a social character, and that we could with advantage make a departure from the old stereotyped after dinner speeches. He did not think Mr. Dewdney was extravagant in his expectations, but at the same time would appreciate an expression of the good will and support of the people.

The Mayor said he believed Mr. Loughheed's suggestion for the appointment of a committee to meet the Town Council was a good one.

Mr. Cayley then moved, seconded by J. L. Bowen in a few words expressing his approval of giving the Minister a reception, that a committee be appointed to meet the Town Council to-morrow evening. This motion was then put and carried. It was then moved by Mr. Loughheed, seconded by Mr. Grant McKay that Messrs. Cayley, Reilly, Smith, Lucas, Bowen and the mover be a committee to confer with the Town Council at its regular meeting to-morrow evening. Carried.

Mr. Murdoch spoke about the possibility of the Governor General being in Calgary about the same time as Mr. Dewdney. His Worship stated that he had information to the effect that the Governor General would not be in Calgary till about the 26th of September.

The meeting then adjourned.

Home Love.

Home love is the best love. The love that you are born to is the sweetest you will have on earth. You, who are so anxious to escape from the home nest, pause a moment and remember this is so. It is right that the hour should come when you in turn should become a wife and mother and give the best love to others; but that will be just it. Nobody—not a lover, not a husband—will ever be a true as your mother and father. Never again, after strangers have broken the beautiful bond, will there be anything so sweet as the little circle of mother, father and children where you are cherished, protected, praised and kept from harm. You may not know it now, but you will know some day. Whosoever you may marry, true and good though he may be, will, after the love days are over and the honeymoon has waned, give you only what you deserve of love or sympathy, and usually much less, never more. You must watch and be wary, lest you lose that love that came in through the eye, because the one who looked thought you beautiful. But those who bore you, who loved you when you were that dreadful little object, a baby, and thought you exquisitely beautiful and wonderfully brilliant—they do not care for faces that are fairer and forms that are more graceful than yours. You are their very own, and so, better to them always than others.—[California Patron.]

TERRITORIAL.

The Session Closed.

BANFF, Aug. 14.—The annual meeting of the Medical Association closed last evening. There was a very large attendance and the meetings were very satisfactory. The officers elected for the ensuing year are Dr. Jas. Ross, Toronto, President; Jas. Bell, Montreal, Secretary; W. H. B. Atkins, Toronto, Treasurer; Vice-President, Eberts, B. C.; Brett, N. W. T.; Spencer, Manitoba; R. W. B. Smith, Ont.; Lachapelle, Quebec; Holden, New Brunswick; Johnston, Nova Scotia; McLeod, P. E. I.

Advisory Board.

The meeting of the Advisory Council with the Lieut.-Governor closed yesterday. All the members were present:—F. W. G. Haultain for Alberta, H. Mitchell for Saskatchewan, Wm. Sutherland for Eastern Assiniboia, and D. F. Jelly for Western Assiniboia.

The estimates at the last session of the Legislature were made with the expectation that there would be a June session this year. As the Legislature will not be called together until October the Advisory Board decided to allow each of the members to expend to the extent of \$500 in his district this season, and each member will receive notice to that effect.

The tenders for a portion of the printing required by the Northwest Government were considered. The printing of the Northwest Territories Gazette, fortnightly, was awarded to the Journal, Regina, and the printing of blank forms, to the Gazette, Macleod, these being the lowest tenders.

The other business transacted was of a routine character.

The First Sod Turned.

REGINA, Aug. 19.—A very large concourse of people witnessed the turning of the first sod on the Qu'Appelle, Long Lake & Saskatchewan Railway by Mrs. Dewdney on Saturday afternoon. Mayor Smith was master of ceremonies. Speeches were delivered by Hon. Mr. Dewdney, Governor Royal, McDowall, Davin and others. Hon. Mr. Dewdney will be banqueted at Regina tonight.

Railway Construction.

REGINA, Aug. 18.—Intelligence has been received by the Western Assiniboian M. P. from high and undisputed authority at Ottawa that the Canadian Pacific Railway Company have guaranteed the Dominion Government to extend their southwestern line to make connection from the south at Regina with the Long Lake road by the time the latter reaches Prince Albert.

A Murderer Caught.

MOOSE JAW, Aug. 20.—A message was received by the police yesterday from Supt. Jarvis that a man had left Wood Mountain for Moose Jaw, who was wanted for murder. The Police here arrested a party answering the description of the man, a few miles south of here on the Wood Mountain trail.

REGINA, Aug. 20.—The banquet to Hon. Mr. Dewdney, Minister of the Interior, which was held in the town hall last night, was an immense success. 350 persons were present, including Mayor Smith, chairman McDowall, and N. F. Davin M. P., Senators Perley and McInnis, the Lieutenant Governor and others. Many letters and telegrams of regret of enforced absence were read. Several excellent speeches were made before the hour came when the guests were obliged to depart to catch the east bound train. He goes to Saltcoats via Portage la Prairie and will return and go to the coast in about a week.

SPORTING.

The Canadian Win.

PULLMAN, Ill., Aug. 6.—Donohue, of Hamilton, won the tria' heats in the senior single sculls at the national regatta yesterday. The balance of the races were postponed till today.

The Winnipeg Golfers won the Senior Four and are Champions.

CHICAGO, Aug. 10.—The Winnipeg senior fours won the championship of America at the national regatta at Pullman, Ill., yesterday, finishing five lengths in front of the crack Toronto four, time 8:52. Athletics of New York third, Delaware fourth, Atlanta fifth. There is great rejoicing in Winnipeg over the victory for Northwest muscle. J. Donohue of Hamilton, Ont., won the senior singles. J. Lovett, Hamilton, junior singles and Bayside of Toronto and Mets of New York rowed the tie for senior doubles, Winnipeg fifth.

Medicine Hat Wins.

MOOSE JAW, Aug. 16.—The baseball tournament at the C. P. R. picnic here yesterday was won by Medicine Hat, prize \$150; Moosejaw second, \$75; Qu'Appelle third and Regina fourth.

Winnipeg Races.

WINNIPEG, Aug. 19.—The winners of Saturday's races in the 2:30 trot were Sharper; 2:40 trot Alice Withers; mile heats, running, Wanderer. The meeting will be continued today.

Maud S. to Break Her Record.

NEW YORK, Aug. 19.—Maud S. is to make an effort to smash her as yet unbroken record of 2:08 3/4 over a mile, which she accomplished at Cleveland in 1885. Robert Bonner, her owner, says he will not be surprised to see her make a mile in 2:07 1/4.

NORTHWEST PUBLIC WORKS.

THERE will be an Auction Sale of the following Government Works, viz:

Culvert and Grading.

near Barlow's on the north Marleville Trail, on

SATURDAY, AUGUST 24, INST., 1899.

At three in the afternoon.

Auction sale to be held at place of construction.

JOHN LINEHAM,
H. S. CAYLEY.

Calgary Aug. 20th 1899. 104-582W

SEALED TENDERS addressed to the undersigned and endorsed "Tender for Cottages, Regina Jail," will be received until Friday 6th September, 1899, for the several works required in the erection of Cottages, Regina Jail. Specifications can be seen at the Department of Public Works, Ottawa, and at the office of H. J. Peters, Clerk of Works, Regina, on and after Friday, 9th August, 1899, and tenders will not be considered unless made on form supplied and signed with actual signature of tenderers.

An accepted bank cheque, payable to the order of the Minister of Public Works, equal to five per cent. of amount of tender, must accompany each tender. This cheque will be forfeited if the party declines the contract, or fails to complete the work contracted for, and will be returned in case of non-acceptance of tender.

The Department does not bind itself to accept the lowest or any tender.

By order,
A. GOBIELE,
Secretary.

Department of Public Works,
Ottawa, 26th July, 1899.

The House of Dogs.

(From Friday's Daily.)
The largest and greatest variety of dogs ever seen in Calgary are doing the streets today, with sundry monkeys, flags, ribbons, &c., thrown in. They belong to Professor Norris' Dog Show Co. They paraded the streets in open order and were afterwards driven round town in cabs shaking their bells at the Calgary dogs with all the importance of their position. The resident dogs did not seem to mind it much when the strangers were prancing round on the ground, but when they saw the new comers riding in cabs, they fairly howled and gnashed their teeth with rage.

The National Tea.

(From Friday's Daily)
The National Tea got up by the ladies of Knox Church in aid of the church funds in the Royal Opera House last evening was a grand success. As already stated in the HERALD the preparations were on a grand scale. The programme was carried out without the slightest friction. The eight nationalities represented were as courteous and complimentary to each other as the Triple Alliance of Europe at the present day. The evening except for the smoke which hangs round the town was a pleasant one, and there was a large turn out of people. The receipts at the door indicate that there were 350 persons present besides those immediately connected with getting it up. The sale of tickets of admission amounted at 25c. each to between \$30 and \$90; the receipts from the sale of flowers were \$58; the sale of ice cream and confectionery were also large, and there was besides the receipts for dishes served on the different tables during the evening. The total net receipts as estimated by one of the ladies of the church is put at over \$100.

A Cure for Small Pox.

A correspondent of the Stockton, Cal., Herald gives the following as a cure for small-pox. Cut this out for future reference.

"I herewith append a receipt which has been used to my knowledge in hundreds of cases. It will prevent or cure the small-pox, even though the pittings are filling. When Jenner discovered the cow-pox in England, the world of science hurled an avalanche of fame on his head; but when the most scientific school of medicine in the world—that of Paris—published this receipt as a panacea for small-pox it passed unheeded. It is unfailing as fate, and conquers in every instance. It is perfectly harmless when taken by a well person. It will also cure scarlet fever. Here is the receipt as I have used it and cured many children of scarlet fever. Here it is as I have used it to cure the small-pox when learned physicians said the patient must die.

"Sulphate of zinc, one grain; fox-glove (digitalis) one grain; one half a teaspoonful of sugar, mix with two tablespoonfuls of water."

"When the above has been thoroughly mixed add four ounces of water. Take a spoonful every hour. For a child, smaller doses according to age. If counties would compel physicians to use this, there would be no need of pest-houses. If you value advice and experience, use this for that terrible scourge."

An effectual remedy for small-pox is said to have been found by a surgeon in the British army in China. The mode of treatment is as follows:—

"When the preceding fever if at its height, and just before the eruption appears the chest is rubbed with croton oil and tartaric ointment. This causes the whole eruption to appear on that part of the body, to the relief of the rest. It also secures a full and complete eruption, and thus prevents the disease from attacking the internal organs. This is now the established mode of treatment in the English army in China, and is regarded as a perfect cure."

Wisconsin Visitors.

There are several gentlemen here just now from Wisconsin, some of them have their families with them. Amongst them are Mr. Moon and wife and several of their children. Mr. Moon is a director of the Eau Claire and Bow River Lumber Company, of Calgary, and also president of the Northwest Lumber Company, of Wisconsin. Mr. Kerr also a director of the Eau Claire and Bow River Lumber Co. is in the party. He is one of the pioneers of the Calgary company, having been one of the party who explored the company's limits on the Bow and other streams in the Rocky mountains in 1883. About a year ago a short history of this lumber company and its operations appeared in the HERALD, in which Mr. Kerr figures in several thrilling adventures on the Bow River. This morning Mr. Moon and family, Mr. and Mrs. P. A. Prince and Mr. Kerr went up at 11 o'clock by train to Kananaskis on a fishing and pleasure trip. After having enjoyed themselves to their hearts content in the romantic scenery of the mountains they intend to descend the Bow river in boats to Calgary.

CHINA AND JAPAN TEAS.

White Clover as a Pasture Plant.
White clover is a useful plant, reliable as it is by cattle and hunted by bees. It is a frequent constituent of the best pastures in Great Britain and Ireland. It is also one of the leading species in the pastures of North Germany. It is a most excellent plant in low land pasture. While it is true that it does not produce so much herbage as red clover, it is, on the other hand, richer in nutritive ingredients. It grows spontaneously in all good pastures, and its presence is an indication of the good quality of the soil. Where the soil is suitable good clover spreads so rapidly that comparatively little seed is required.

In hard, thin soils the plant is generally small, but in a soil adapted to it, white clover soon spreads and covers a good deal of space. Its dwarf character and the difficulty with which it is cured, causes white clover to be esteemed as a pasture grass rather than for hay. As a pasture plant it endures more grazing than the other clover.

White clover is often sown with some of the finer grasses for lawns. It is a well known and highly prized bee plant, although the season is often a short one, especially if hot, dry weather comes on early. Almost the sole objection urged to white clover is its effect on horses during the maturing of the seed. It makes them slobber. The flower is excellent during most of the season and cattle are very fond of it. White clover furnishes a large amount of highly nutritive material. It has more protein and more fat than red clover. This, together with its property of thriving under close and continuous grazing, renders it, as has already been stated, an excellent pasture plant.

Horse Talk.

First teach the colt to be a prompt walker.

The colt should be taught to draw loads by degrees.

Never overload the colt. Balking horses are made in just this way.

Where there is lime rock there is a natural soil for breeding horses.

The mare is all the better worked every day, if fed bran and oats and not driven fast or made to pull severely.

Angle Worms and Plants.

Peter Henderson says that angle worms are injurious to plants and gives the following remedy: Mix five pounds of lump lime with twenty gallons of water, stir it until thoroughly mixed, then let it settle, using only the clear water in which sufficient of the caustic quality of the lime will remain to kill the angle worms. Use enough of it to reach the bottom of the pot or the bench. Two applications will usually be sufficient.

Change of Color in Wool.

Wool, when newly shorn from the sheep and unwashed, if of a light, open quality from cleanly kept sheep of the mutton breeds, will often be of a lighter color when nicely washed than will washed wool of full trade merinos, and except for its weight and oily feel might deceive an expert. When packed into sacks or stored in bulk it soon changes color and assumes a decided yellow hue. While there is not the same amount of yolk as in finer wool the animal oil nevertheless contains sufficient potash to bring about this change in a short time. By some it is claimed that the potash in the yolk of unwashed wool, if stored away for a considerable time, will unfavorably affect its fiber, but it is not known that this detracts materially from its value compared with wool of similar character newly shorn.

Co-operative Creameries Ahead.

Says Hoard's Dairyman: Even in old England, where the dairymaids presided over the manufacture of farm made butter, and were supposed to put all the angelic excellences into it, the dear girls are beaten by the co-operative creameries that sell butter for about thirty cents per pound, when farmers' butter goes at twenty cents.

For sale, a first class trotting sulkey, weight about fifty pounds, as good as new. Apply to Lee & King Atlantic Ave. Calgary.

Our Laths are all butted after they are bundled, and are all four feet in length.

We have in stock about 1,000,000 feet of dry Boards and Dimension, including 4 and 6 in. strips for Flooring and Siding.

THE WEEK'S LOCAL NEWS

Wednesday.

Mrs. A. D. Wright of Grand View Villa, Banff, is a guest at the Royal.

James Woodsworth of Brandon, and R. W. Woodsworth of Niagara Falls, arrived this morning.

Mr. and Mrs. O. J. Repkin, of London, England, arrived by No. 1 express and are at the Royal Hotel.

Miss Robinson, daughter of Mr. Fred Robinson, of the Beaver mills, is registered at the Royal Hotel.

Mrs. T. B. Lafferty started by No. 2 express this morning to visit relatives and friends in Winnipeg.

Dr. Frazer, late surgeon general to the British army at Gibraltar, now at High River, is stopping at the Royal Hotel.

Judge Cross of Montreal, and Mr. A. E. Cross of Cross Brothers' Ranch, Mosquito creek, are registered at the Royal Hotel.

Dr. J. W. Mount, of Montreal, father of Mr. Philip Mount of Calgary, came down from Banff this morning to visit his son.

The work of grading Osler street, south of the C. P. R., towards the Agricultural Grounds has been commenced this morning.

W. B. Searth, M. T. chairman of C.P.R. townsite trustees and J. B. Tupper, of Winnipeg, solicitor for the C. P. R., left Calgary for the Glacier, in Sept. Niblock's car, by No. 1 express this morning.

Alberta Great started by No. 2 express this morning on a trip to Toronto and Montreal. He will purchase a full stock of hardware in those markets. Ald. Murchison will act as chairman of Fire Water & Light in Mr. Grant's absence.

Mr. J. R. Quinn, the son cut in the country in a 200-acre field of Pine Creek and when they took note of the growing grain. On the new farms, he estimated 400 acres of grain. The wheat harvests are well above 30 bushels to the acre, barley 40, oats 60 bushels. It must be

remembered that our grain weighs so much more to the measured bushel than it does in the east. The above figures would be much larger if calculated by weight. For instance, our oats weigh on an average of 45 lbs to the measured bushel, which would raise it from 60 to 80 bushels to the acre.

Thursday.

Mrs. Tanner, mother of Mrs. A. Lucas, is visiting at her daughter's.

Dr. Sloan and wife, of Blyth, Ont., are in the city today the guests of Mr. A. Lucas. The doctor was one of the delegates to the Medical Association's annual meeting which has just closed its session at Banff National Park. They are today taking a turn through the country round Calgary to see for themselves that this country can produce food as well as medical waters.

Mr. J. A. Tanner, principal of the Livetown High School, who paid Calgary a visit a short time ago on his outward trip to the coast has returned to the city. Mr. Tanner is one of the few lucky ones who had clear weather for going through the mountains, he also spent a few days at Banff. He will go back to his honorable position prepared to enlarge the ideas of the students of his high school on grandeur and fertility of this great western Canada.

Mr. S. Parrish returned this morning from a visit of some weeks to Brandon and Winnipeg. His business at Brandon was chiefly in connection with property which he owns in the easterly part of the city of Brandon, and which will be affected by the entrance of the Northern Pacific Railway into that city. Brandon is rejoicing over the certainty of the Northern Pacific soon being completed from Morris on the Red River to Brandon. The whole distance is about 160 miles. The work of construction has been carried on more or less on the whole line except about twelve miles. A large number of men are at work on the line now, the building of the 12 miles is only a small matter. Building the Souris bridge is the largest item of work yet to be done. The Brandonites are rejoicing in the expectation of railway competition this fall.

Friday.

The Bank of Montreal building is progressing very well. The work of putting on the roof has commenced.

Mr. S. Barber, manager of the Imperial Bank, has returned from his holiday trip, and looks to be quite recovered from his recent illness.

Gen. Supt. Whyte, of the C.P.R., who was expected in Calgary yesterday, having been detained longer in the mountains than he anticipated, went east by No. 2 express this morning.

A movement is on foot to banquet Hon. E. Dewdney at New Westminster on the occasion of his visit to that city this month. The Columbian says Mr. Dewdney was the first to wash gold dust in the waters of Cariboo.

The grading up of the ravine on Osler Street, south of the C. P. R. track is going ahead well. What is imperatively wanted is a good sidewalk from the track to Mr. Feehan's residence at least, to make the road to the Agricultural Grounds anything else but a disgrace to the town.

The Celestials engaged in the salmon canning establishments on the Fraser River (finding that there was an unusual amount of work to do, organized a strike for a great advance in wages, which they thought could not be resisted, but prompt action defeated their scheme and they were glad to go back to work.

Alberta Hotel is now finished and ready for occupation. We understand that the proprietors, Messrs. Lee & Bready, have applications from a number of parties who wish to lease the premises. The importance of securing a good lessee cannot be overestimated, as the success of the hotel so much depends on having a good landlord. This splendid stone building with all its modern appointments is certainly worthy of a good tenant.

Please read the notice of the mayor calling a public meeting in the old town hall at 8 o'clock tonight to consider the question of tendering the Hon. Mr. Dewdney a reception, and just come along to the meeting, don't content yourselves with saying, I guess there will be enough there without me. If there is not room for the crowd in the hall there is room enough on the nine market lots for all who may go.

The "missing link" of side walk has been filled in between Stephen Avenue and Atlantic Avenue along the west side of the Alberta Hotel. This will add much to the convenience and good looks of the street. There are about a dozen corners round town that want finishing up in the same way, the cost of which would be very small and would at the same time remove danger spots and give the town an air of neatness which it does not now possess to the degree it should do.

Says an exchange: A pretty story, almost too pretty to be true, is told of Prin-

cess Louise, who last week wedded the Earl of Fife. It seems that this shy royal maiden has been in love with the earl for years; in fact, even before she came out, but she never told her love, nor did the earl tell his until a kind court busy body, guessing the secret, went to papa with it. And during these five years the princess had bought a birthday present for the man she loved, but as she never dared give it to him, the little gift was laid away in a drawer and carefully looked up. There is something exceedingly touching in this fit of girlish sentiment, and, with it in mind, no wonder the Prince of Wales spoke of his daughter's engagement as one of pure affection.

Saturday.

A. H. Partridge, and G. G. Ward jr. of New York are registered at the Royal.

H. Stanley Pinhorn of the New Oxley Ranch is registered at the Royal Hotel.

Mr. and Mrs. J. R. Kerr of Toronto are amongst the late arrivals in town and are guests at the Royal Hotel.

Mrs. Galletley and Miss Addie Galletley came down from Canmore on the train which got in at 9:30 a.m.

A despatch from Port Arthur, says that nine tons of high grade silver ore from the East Mountain mine has been shipped to England.

One of the largest freight trains ever seen on the western part of the C. P. R. came down from the mountains this morning. There were 28 freight cars, engine tender and caboose making 31 in all.

We are instructed by the Northwestern Coal & Navigation Company to announce that the company will issue return tickets good for fourteen days over their railway from Lethbridge to attend the races at Macleod on the 27th, 28th and 29th of August. Return tickets \$6.50.

The attention of builders is called to the advertisement in another column for tenders for building a fence round the market ground, and erecting a market shed. As the time for receiving tenders is very short, builders should be figuring out the price. Plans and specifications can be seen at the office of Messrs Child & Wilson.

Mr. Geo. Lane of High River the well known cattle rancher, who was so ill with inflammation of the lungs a short time ago is now afflicted with a peculiar swelling of one of his knees. Mr. Lane took the opportunity of consulting some of the doctors from the east at the Medical Association at Banff this week, who advised him to have it attended to at once. He consequently started for Montreal this morning for treatment.

Mr. F. A. MacNaghton is putting a second story on his brick building, second door east of the Herald block, which is occupied by Messrs Pettit & Ellis, Steamship Agents, and LeJeune & Smith, Bankers. This will make a great improvement in the looks of that part of the street and the building itself. A door way has been left in the wall of Mr. John Lineham's building at the head of his stairway so that one flight of stairs will

answer for the second story of both buildings.

Mr. George C. Marsh, real estate dealer, agent of the New York Life Company and ticket agent of the Northern Pacific Railway, intends starting tomorrow morning on a trip to visit friends at his old home in the Province of Ontario. Mr. Marsh is one of the Calgary pioneers, having been the first agent of the Canadian Pacific Railway at this point when it was a mere canvas town. Mr. Marsh is an earnest and consistent admirer of Calgary and Alberta, and will not fail to let the truth be known wherever he goes, about our country. Mr. Marsh's many friends, (he has no enemies,) wish him a pleasant trip and safe return to the city of his adoption.

A subway is wanted at the east end of the C. P. R. yard and if there is not one put in, it is only a question of time and not a very long time either, till someone gets killed there. When the freight train from the west was shunting back and forth across Osler Street, there were no less than six teams trying to get across between the parts of the train. Gen. Supt. Whyte endorses the scheme and has had a survey made of the proposed passage, which shows it to be perfectly feasible, and there is no doubt that he will recommend the C. P. R. to have it made so far as the company's part of the work goes. In fact Mr. Whyte says it is just what should be done for the safety of life. Mr. Searth, chairman of the Townsite Trustees, endorses the scheme and says they will bear their part of the cost. All that remains to be done is for the town to authorize it and expend a small sum in continuing a drain to carry off the water which might possibly accumulate at the subway in case of a heavy rain or snow melting. Subways at Drinkwater and Hamilton streets would be an inestimable boon to this place when it becomes a city.

Monday

A. S. Brown of Caniff is at the Royal.

J. D. Monilton of the Pavilion Hotel Banff is in town.

James I. Johnson and wife of Repentigny P. Q., are guests at the Royal Hotel.

Dr. G. W. Fennacy of the Rosebud is in town, and stopping at the Royal.

Sir John Lister Kaye arrived from the east in his private car Natica this morning.

Mr. Thomas McHugh left for Winnipeg on Sunday morning to sell horses in Manitoba. He will be absent about two months.

James Martin, partner in the sheep ranch of Lafferty & Martin, started on a trip to Vancouver by No. 1 express this morning.

Mr. Edward McBride, son of A. McBride, hardware merchant, who left Calgary for the coast last spring, returned to Calgary yesterday.

Dr. P. F. Siz, dental surgeon, and wife, have returned from their wedding trip. The doctor will now settle down to business and may be found at his office by those requiring anything in the

way of new teeth or repairs.

Mr. G. C. Marsh and Miss Marsh left this morning for the city of Hamilton, Ont., by No. 2 express. Miss Marsh is going to attend the Wesleyan Female College in that city, and will be there in time for the commencement of the fall term.

Contractor McCallum is getting on splendidly with the new court house. He is now putting on the roof. We understand that there is some delay on part of the work waiting for orders from Ottawa as to whether the building of the tower shall go on or not.

Mr. Sparrow secretary of the agricultural society, has received a reply from Robert Kerr general passenger agent of the C.P. R. at Winnipeg, to the effect that if the society will get up a good car of exhibits to send to Ontario the company will grant a pass to a person to accompany the exhibit.

From a recent number of "Le Progres de l'est," published at Sherbrooke, we learn that the weather had been very unfavorable in that section and around Montreal for harvest operations. There had been a great deal of rain for several weeks past, farmers having lost a large part of their hay and in some cases their grain from the excessive wet.

Mr. W. H. Kinnisten has favored us with a sample of Red Raspberries, grown in his garden in Calgary. These berries are very fine, luscious fruit, they are a good size and fully up to the average of Ontario Raspberries. Mr. Kinnisten has taken ripe berries from his garden for the last two weeks, and still they are good. It is no small comfort to have the question of raising garden fruit by the experiments of Mr. Kinnisten settled in the affirmative, as it has been so often asserted that fruit would not ripen here on account of the cool nights.

Mr. Kerr, president of the Eau Claire Lumber Co., and Mr. Moon, president of the Northwest Lumber Co., both of Eau Claire, Wis., P. A. Prince, Mrs. Prince Mrs. Moon and family, who went up by train last Friday to Kananaskis falls on a fishing and pleasure trip, came down the Bow River by boat all the way to Calgary. They report having had a very pleasant time. The party caught several fine trout some of them weighing as much as 8 to 10 lbs. They had a splendid trip down the river by row boat.

Our friends are returning satisfied that Calgary is about as good as they make in the west. Last spring Mr. Lee, an esteemed citizen, who had been in Calgary a considerable time left for Florida with his family, returned to Calgary on Sunday morning. At the time Mr. Lee left here the Herald wished him well, but at the same time ventured to prophesy that six months would see him back. When he was here before he was foreman in W. H. Cushing's factory, and was a most active and reliable member of the fire brigade.
